Empowering Education with Ethical AI for Schools, Teachers, and Students

What is EduChat?

EduChat is a powerful AI platform designed to streamline educational processes, empower teachers, and enhance student learning.

Developed in close partnership with schools, EduChat helps educators save time by automating administrative tasks while providing students with personalized learning experiences.

Built by Educators for Educators

Teacher-Centered Design: Focuses on automating lesson planning, grading, and personalized student engagement, giving teachers more time to focus on classroom interaction.

Empowering Schools: EduChat helps schools remain competitive by offering innovative AI tools that drive efficiency and student success.

Innovation Labs: Schools act as real-world innovation labs, providing continuous feedback to ensure they meet the evolving needs of educators.

Responsible AI & Ethics – Safe, Aligned, Learning-Focused

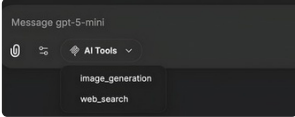

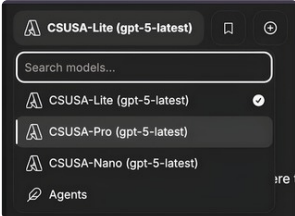

Ethical AI for Education: EduChat is designed to be safe, ethical, and aligned with school values, ensuring responsible use of AI in education.

Multi-Model Access: Choose from top AI models (GPT-4, Gemini, Anthropic) with no vendor lock-in.

Privacy & Security: Student data is protected with FERPA and GDPR compliance, ensuring the platform is secure and confidential.

Transparency & Oversight: Full visibility into AI decisions, allowing teacher oversight.

Learning-Focused AI: Promotes critical thinking and personalized learning for student growth.

Blood Pressure Welcome Kit

Welcome to Nao Medical Remote Patient Monitoring (RPM)

Thank you for joining Nao Medical's RPM program.

This kit helps you track your blood pressure from home while staying connected with your care team.

● UNBOX & SET UP

- Unbox your kit and power on your device
- Sit comfortably with your back supported
- Place the cuff on your upper arm
- Keep your arm at heart level
- Press start and stay still

Quick Tips

- Measure your blood pressure at the same time each day
- Rest for 5 minutes before taking a reading
- Avoid caffeine, exercise, or smoking 30 minutes before
- Sit still and do not talk during measurement
- Keep your device in a convenient location

In case of reading issues:

- Reposition the cuff and try again
- Ensure cuff is snug but not too tight
- Restart the device and retry after a few minutes

Contact & Support

RPM Program Support

- Phone: 516 387 0839
- Hours: Mon-Fri (08:00 a.m to 05:00 p.m. EST)
 - After-Hours Urgent Clinic Available

Welcome to nao*medical

Your Spravato Treatment Journey

Dear Patient,

Thank you for choosing Nao Medical as your Spravato treatment center. We're here to support you through every step of your journey.

Please review the following information and steps to begin the enrollment process.

Step 0: Before Enrollment

a) Treatment Center Location:

Let us know your preferred treatment location.

We currently offer Spravato treatment at:

Downtown Manhattan: 259 1st Ave, New York, NY 10003

Williamsburg: 308 Graham Ave, Brooklyn, NY 11211

Long Island City: 30-07 36th Ave, Queens, NY 11106

Mineola: 135 Mineola Blvd, Mineola, NY 11501

Hicksville: 232 W Old Country Rd, Hicksville, NY 11801

Bartow: 2063A Bartow Ave, Bronx, NY 10475

b) Primary Care Provider (PCP) Requirement:

Spravato is billed as a PCP service and may only be covered if received under your designated PCP. Depending on your insurance, you may need to change your PCP to:

Dr. Priti Jain (CEO, Nao Medical)

NPI Number: 1780607333

We will send you a PCP change form and ask that you also call your insurance provider to complete the change.

Step 1: Initial Screening

You will be scheduled for a virtual consultation with one of our providers to review your medical history, diagnosis, and treatment goals. If appropriate, the provider will prescribe Spravato.

Step 2: Insurance & Medication Processing

Our partnered pharmacy will initiate the prior authorization process. Once your insurance approves the medication, the pharmacy will ship it directly to the treatment center. The pharmacy will be responsible for billing the medication cost to your insurance.

Step 3: Enrollment Form

You will receive a Spravato enrollment form via email, which is required by the REMS program. Please sign this form as soon as possible. Once submitted, you will be officially enrolled in the program and eligible to begin treatment.

Step 4: Scheduling Your Treatment

After enrollment is complete, our team will contact you to schedule your treatment sessions.

Spravato Treatment Schedule:

Month 1: Twice per week (8 sessions)

Month 2 onward: Once per week

Session Duration: Each session lasts about 2 hours, including monitoring after administration.

You will rest in a private observation room in a reclining chair.

Important Reminders:

Do not drive after treatment sessions please arrange for transportation.

Avoid eating right before your session to help minimize potential side effects.

Need to Reschedule or Have Questions?

Text us:
